1. A second track is under construction on the Debrecen-Nyiregyháza railroad line.
2. The gravel bed between Nyiregyháza and Ujfehértó is complete. From Ujfehértó to Debrecen gravel, rails, and ties are stacked for use along the line.
3. There are 28 lines in front of the station building at Debrecen. Points are partly hand operated. The station building is still as it was in 1946. The hump is situated between the repair shop and Signal Cabin No. 110.
4. The Nyiregyháza railroad station has been newly constructed. There are 17 lines in front of the station building. The hump is situated on the southwest side of the station, and in this part points are still hand operated.
